Preceptorship in Gastroesophageal Cancer

Coordinator
Dra. Elena Élez

Thursday 15th

- 09:00 - 09:15 h
- Welcome and institutional opening (Head of GI Unit) • Elena Élez
- 09:15 - 09:35 h
- SESSION A: The Fundamentals: from prevention to staging**
Gastroesophageal cancer: burden, diagnosis and prevention (Digestive Unit)
Carmen Alonso
- 09:35 - 09:55 h
- Nutritional support in patients with gastric cancer and the crucial role of research (Research Nutritionist) • Adriana Alcaráz
- 09:55 - 10:15 h
- Molecular and pathology assessment: classifying gastroesophageal cancer (Pathologist) • Stefania Landolfi
- 10:15 - 10:35 h
- Q&A Session
- 10:35 - 11:05 h
- Coffee Break
- 11:05 - 11:35 h
- SESSION B: Multidisciplinary management of localized disease**
Comprehensive management of localized and locally advanced gastric and esophageal cancers (Medical Oncologist) • Eduardo Terán
- 11:35 - 12:05 h
- Surgical management: principles and techniques for resectable Disease (Surgeon)
Pablo Muriel
- 12:05 - 12:25 h
- Q&A Session
- 12:25 - 12:45 h
- SESSION C (1): Multidisciplinary Tumor Board**
Introduction: The role and workflow of the multidisciplinary Committee (Medical Oncologist and Surgeon) • Eduardo Terán & Pablo Muriel
- 12:45 - 13:05 h
- Clinical case discussions: Early-Stage GC/GEJ (4 Cases) (Medical Oncologist and Surgeon) • Daniel Acosta & Pablo Muriel
- 13:05 - 13:25 h
- Q&A and Case Discussion
- 13:25 - 14:10 h
- Lunch Break
- 14:10 - 14:35 h
- SESSION C (2): Multidisciplinary Tumor Board**
Implementing best practices in molecular tumor boards: insights from the OECI and the VHIO Comprehensive Cancer Center. (Medical Oncologist)
Claudia Valverde
- 14:35 - 14:55 h
- Optimizing the management of patients with gastrointestinal cancer: the role of translational research nursing (Oncological Nurse) • Ariadna García
- 14:55 - 15:15 h
- Patient-centered care: educational sessions on gastroesophageal tumors (Scientific Management Area) • Berta Colldeforns
- 15:15 - 15:30 h
- Q&A and Case Discussion

Friday 16th

- 09:00 - 09:20 h
- SESSION D: Advanced Disease - Therapeutic Landscape**
Management of HER2-negative metastatic gastric cancer (Medical Oncologist) • Daniel Acosta
- 09:20 - 09:40 h
- Current standards & future directions in HER2-Positive Disease (Medical Oncologist) • María Alsina
- 09:40 - 10:00 h
- Novel biomarkers, overlap, and heterogeneity in gastroesophageal tumors (Medical Oncologist) • Eduardo Terán
- 10:00 - 10:20 h
- Drug Development: current and future treatment options and research lines (Medical Oncologist) • Daniel Acosta
- 10:20 - 10:40 h
- Q&A Session
- 10:40 - 11:10 h
- Coffee Break
- 11:10 - 11:35 h
- SESSION E: Biomarkers & Supportive Care**
Biomarker testing in gastric cancer: platforms, real-world applicability and role of AI integration (Traslational VHIO) • Rodrigo Dienstmann
- 11:35 - 11:55 h
- Modern staging of gastroesophageal cancer: the role of imaging (Radiology Unit)
Raquel Pérez
- 11:55 - 12:15 h
- Integrating palliative care in advanced gastroesophageal cancer (Palliative Care) • Helena Martínez
- 12:15 - 12:35 h
- Q&A Session
- 12:35 - 13:20 h
- Lunch Break
- 13:20 - 13:40 h
- SESSION F: Clinical Cases & Closing**
Clinical case discussions: advanced GC/GEJ (4 Cases) (Medical Oncologist) • Daniel Acosta & Eduardo Terán
- 13:40 - 14:00 h
- Q&A Session
- 14:00 - 14:10 h
- Final summary and closing remarks
- 14:10 - 14:40 h
- Guided tour of VHIO facilities (Translational Research Unit, Genomic Tests Labs and Phase 1 Clinical Trial Unit) Javier Gonzalo
