

INFORMATION

Bladder Preceptorship

📅 5th- 6th , February 2026

📍 Auditorium, Ground Floor.
General Hospital.
Paseo Vall d'Hebron 119-129,
Barcelona 08035

👤 **Coordination:**
Dr. Cristina Suárez, Dr. Carles Raventos,
Dr. Xavier Maldonado
and Dr. Rafael Morales

How to arrive:

🚇 **L3** Vall d'Hebron 🚌 Lines **19** and **76**

Bladder

PRECEPTORSHIP

5th and 6th February 2026

Coordination:

Dr. Cristina Suárez, Dr. Carles Raventos,
Dr. Xavier Maldonado and Dr. Rafael Morales

Organized by:

In collaboration with:

■ **BLADDER PRECEPTORSHIP**
5th- 6th , February 2026

Day 1 | Thursday 5th February

9:00-9:10 h • Welcome and course objectives

Role of pathologist/Management of non-muscle invasive bladder cancer.

Dra. Cristina Suarez | Dr. Enrique Trilla

9:10h-9:25 h • **Pathological diagnostic of urothelial carcinoma: divergent differentiation and morphologic subtypes.** Dra. Maria Eugenia Semidey

9:25h-9:40 h • **How to do you treat NMIBC?** Dr. Albert Carrion

9:40h-9:55 h • **Emerging treatments for BCG unresponsive non-muscle-invasive bladder cancer.** Dr. Fernando Lozano

9:55h-10:15 h • **Discussion/Q&A**

11:15-11:40 h • **Coffee break**

Management of muscle invasive bladder cancer.

Dr. Albert Carrion | Dr. Rafael Morales

11:40h-11:55 h • **The role of surgery.** Dr. Carles Raventos

11:55h-12:10 h • **The role of multimodality bladder preservation.** Dr. Xavier Maldonado

12:10-12:25 h • **Perioperative systemic therapy.** Dra. Cristina Suárez

12:25-12:45 h • **Discussion/Q&A**

Imaging Assessment of Bladder Cancer: From Conventional Techniques to Molecular Imaging. Dr. Fernando Lozano | Dr. Ignacio Navales

12:45-13:00 h • **Usefulness and limitations of technical imaging test for bladder cancer.** Dr. Richard Mast

13:00-13:15 h • **The role of molecular imaging in MIBC.** Dr. Marc Simo

13:15-13:35 h • **Discussion/Q&A**

13:35-14:45 h • **Lunch**

Management of metastatic bladder.

Dra. Cristina Suarez | Dr. Rafael Morales

14:45-15:00 h • **Frontline Evolution in Urothelial Carcinoma: Platinum, Maintenance, and New Standards.** Dr. David Marmolejo

15:00-15:15 h • **Strategic Sequencing: Optimizing Treatment Pathways in Urothelial Cancer.** Dr. Diego Gómez

15:15-15:30 h • **New therapies for bladder cancer.** Dr. Rafael Morales

15:30-15:50 h • **Discussion/Q&A**

15:50-16:20 h • **VHIO Tour**

Day 2 | Friday 6th February

Multidisciplinary tumor board

8:00-9:00 h • **5th floor General Hospital**

Key lecture

9:15-10:00 h • **“Liquid Biopsy in Bladder Cancer: Towards a New Diagnostic Paradigm”.** Dr. Tom Powles

10:00-10:20 h • **Discussion/Q&A**

10:20-10:45 h • **Coffee break**

New kids on the block. Dr. Xavier Maldonado | Dr. David Marmolejo

10:45-11:00 h • **New drugs, new toxicities.** Dr. Rafael Morales

11:00-11:15 h • **Defining oligometastatic bladder cancer.** Dr. Andre Geng

11:15h-11:30 h • **Discussion/Q&A**

11:30-11:40 h • **Short break**

Parallel Clinical Workshops Schedule

- **Emerging Clinical Trials in Urothelial Carcinoma:** Dr. Tom Powles
- **Clinical cases of perioperative Management and Bladder Preservation Strategies in Muscle-Invasive Bladder Cancer.** Dra. Cristina Suárez | Dr. Xavier Maldonado
- **Management of Metastatic urothelial carcinoma: Clinical Decision-Making in Complex Cases.** Dr. David Marmolejo | Dr. Rafael Morales

	Group 1	Group 2	Group 3
11:40-12:10 h	Emerging clinical trials?	Perioperative management and bladder preservation	Management of metastatic urothelial carcinoma
12:10-12:40 h	Perioperative management and bladder preservation	Management of metastatic urothelial carcinoma	Emerging clinical trials?
12:40-13:10 h	Management of metastatic urothelial carcinoma	Emerging clinical trials?	Perioperative management and bladder preservation
