

Haematology Masterclass 2025

Hospital Vall d'Hebron
Prof. Francesc Bosch
Haematology Department Head

Hospital Universitario Clínic
Prof. Laura Rosiñol
Myeloma Research Group Head

Monday March 24

Chronic Lymphocytic Leukemia Day

SHARING EXPERIENCES: from molecular biology to clinical management

09:00 – 09:30 Welcome and introduction
Hematology Department: structure and operation - *Francesc Bosch*

BIOLOGY AND PROGNOSTIC FACTORS IN CLL: laboratory & clinics working together

09:30 – 10:00 Diagnosis and Prognostic factors in CLL
How to interpret the different results - *Andrés Jerez*

10:00 – 10:30 Resistance to targeted therapies - *Marta Crespo*

10:30 – 11:00 **Coffee break**

TREATMENT APPROACHES AND MANAGEMENT OF ADVERSE EVENTS

11:00 – 11:30 Treatment update on CLL:
Front-line treatment
Treatment selection - How to individualize treatment
- Stratification of different treatment options - *Francesc Bosch*

11:30 – 12:00 Management of relapsed/refractory CLL
- Overview of treatment options and sequencing options - *Ángel Serna*

12:00 – 12:30 Diagnosis and management of Richter transformation - *Pau Abrisqueta*

12:30 – 13:30 OPEN SESSION
Clinical cases discussion (from Faculty & attendees) - Q&A

13:30 – 14:30 **Lunch**

14:30 – 15:00 Management of cardiac complications - *Gerard Oristrell*

15:00 – 15:30 Management of infection complications - *Adaia Albasanz*

15:30 – 16:00 Future therapies in CLL: CAR-T cells and beyond - *Gloria Iacoboni*

16:00 Closing remarks

Tuesday March 25

Multiple Myeloma Day

08:30 – 09:00 Introduction to University of Barcelona, Hospital Clínic and Hematology Department - *Joan Bladé*

09:00 – 09:30 Detection of genetic alterations in myeloma and technological advances
Silvia Beà

09:30 – 10:00 Smoldering multiple myeloma - *Laura Rosiñol*

10:00 – 10:30 First line treatment of transplant eligible patients - *Laura Rosiñol*

10:30 – 11:00 **Coffee break**

11:00 – 11:30 First line treatment of non-transplant eligible patients - *M^a Teresa Cibeira*

11:30 – 12:00 Treatment of relapsed/refractory multiple myeloma
Gerardo Rodríguez-Lobato

12:00 – 12:30 Results with bispecific antibodies - *Gerardo Rodríguez-Lobato*

12:30 – 13:00 Results with CAR-T cell therapy - *Carlos Fernández de Larrea*

13:00 – 14:00 **Lunch**

14:00 – 14:30 Diagnosis and treatment of complications of immunotherapy - *Natalia Tovar*

14:30 – 15:00 Infections in patients treated with novel therapies - *Carolina García-Vidal*

15:00 – 16:00 Tour of the Hospital Clínic facilities - *Joan Bladé*

Vall d'Hebron Hospital
Hospital General
Pg. de la Vall d'Hebron, 119
08035 Barcelona
Building nr. 1A
Auditorium - 10th floor

Course venues:

Hospital Universitario Clínic
