# PRECEPTORSHIP PROSTATE CANCER 2023

08, 09 & 10 November 2023  
**Cellex Building - Barcelona**

Organize:

Sponsor:

## FIRST DAY: 08<sup>th</sup> November

### Welcome and course objectives

Prof. Joan Carles | Prof. Enric Trilla | Prof. Juan Morote | Prof. Jacques Planas

### Economics and Clinical Research

Sr. Sergi Cuadrado

### Localized Disease (I)

#### Role of Pathologist and Radiologist in localized Disease

Chair: Dr. Cristina Suarez

15:15h  
16:15h

- **Pathological information**  
Dr. Maru Semidey
- **How can we incorporate MRI in practice?**  
Dr. Richard Mast

#### Localized prostate cancer – low risk / intermediate risk

Chair: Prof. Juan Morote

16:15h  
17:15h

- **When is active surveillance appropriate?**  
Dr. Lucas Regis
- **The role of surgery**  
Dr. Ana Celma
- **The role of radiotherapy**  
Dr. Manuel Altabas
- **Discussion/Q&A**

17:15h

#### Wrap up and Conclusions

## SECOND DAY: 09<sup>th</sup> November

### Localized Disease (II)

#### Localized prostate cancer – high risk

Chair: Dr. Rafael Morales

- **The role of surgery**  
Prof. Jacques Planas
- **The role of radiotherapy**  
Dr. Xavier Maldonado
- **Discussion/Q&A**

#### Relapsed Hormonosensitive disease

Chair: Prof. Enrique Trilla

- **Management of hormone-sensitive rising PSA after local therapy**  
Prof. Juan Morote
- **Salvage and adjuvant radiotherapy**  
Dr. Xavier Maldonado
- **Salvage surgery**  
Prof. Jacques Planas
- **Discussion/Q&A**

#### Coffee break

#### Metastatic hormone-sensitive prostate cancer

Chair: Prof. Jacques Planas

- **Management of oligometastatic and node positive Disease**  
Dr. Manuel Altabas
- **Doublets vs Triplets for metastatic disease**  
Prof. Joan Carles
- **Discussion/Q&A**

### Localized Disease (II)

#### Hormone-sensitive prostate cancer case panel

Chair: Dr. Joaquín Mateo

12:30h  
13:30h

- **Case-based discussions within medical oncology, radiation oncology, and urology**  
Dr. Ana Celma | Dr. Manuel Altabas | Dr. Macarena Gonzalez  
Dr. Ignacio Navales | Dr. David Marmolejo

13:30h  
14:30h

#### Lunch

14:30h  
15:15h

#### How to evaluate bone metabolism under Androgen Supression

Prof. Juan Morote

#### New tools to evaluate Metastatic Disease

Chair: Dr. Richard Mast

15:15h  
16:15h

- **Role of CT PET**  
Dr. Marc Simo
- **Role of total body MRI**  
Dr. Raquel Perez
- **Role of Genomics**  
Dr. Joaquin Mateo

## THIRD DAY: 10<sup>th</sup> November

### Multidisciplinary Tumor

Board 5th Floor General Hospital

### Non Metastatic Castration Resistant Prostate Cancer

Dr. Macarena González

### Metastatic Castration Resistant Prostate Cancer

Chair: Prof. Joan Carles

- **How to treat patients with mCRPC**  
Dr. Rafael Morales
- **New agents and new combinations in development**  
Dr. Joaquín Mateo
- **Discussion/Q&A**

11:00h  
11:30h

#### Coffee break

11:30h  
12:00h

#### Radiological evaluation of metastatic disease

- **Biopsies implementation in metastatic disease**  
Dr. Richard Mast

12:00h  
12:15h

#### Wrap-up and conclusions

12:15h

#### Lunch
