

## Información

### Mixed Preceptorship: Lung Cancer and Colorectal Cancer

 **Tuesday 10<sup>th</sup>, Wednesday 11<sup>th</sup> and Thursday 12<sup>th</sup>  
of June 2025**

#### Coordinators:

 Dra. Enriqueta Felip  
Group Leader of VHIO's Thoracic Tumors Cancer Group

Dra. Elena Élez  
Head of the Colorectal Cancer Group of the Vall d'Hebron  
Institute of Oncology (VHIO)

 **Tuesday 10<sup>th</sup>**  
**Auditorium Cellex**  
C/ NATZARET, 115-117  
08035  
BARCELONA – ESPANYA

**Wednesday 11<sup>th</sup> and Thursday 12<sup>th</sup>**  
**Sala de Actos Planta Baja**  
Pg. de la Vall d'Hebron, 119  
08035  
BARCELONA – ESPANYA

## How to arrive

 **L3** Vall d'Hebron

 **Línes 19 & 76**

## Mixed Preceptorship

# Lung Cancer and Colorectal Cancer

June 2025 10 11 12

#### Coordinators:

**Dra. Enriqueta Felip - Group Leader of VHIO's Thoracic Tumors Cancer Group**

**Dra. Elena Élez - Head of the Colorectal Cancer Group of the Vall d'Hebron  
Institute of Oncology (VHIO)**

Organized by:

In collaboration:

DAY 1: LUNG

- 9:00-9:30h **Welcome & presentation of the Thoracic Oncology team.** Dr Enriqueta Felip
- 9:30-10:00h **Molecular alterations & testing in NSCLC.** Dr Augusto Valdivia
- 10:00-10:30h **ALK+ NSCLC: epidemiology, clinical characteristics and diagnosis.** Dra Laura Masfarre
- 10:30-10:50h **Coffee break**
- 10:50-11:20h **ALK+ alterations, biology beyond NSCLC.** Dr Oriol Mirallas
- 11:20-11:50h **Liquid biopsy in solid tumors.** Dr Oriol Mirallas
- 11:50-12:20h **First-line therapy in advanced ALK+ NSCLC.** Dra Susana Cedres
- 12:20-12:50h **Implications of co-mutations and ALK variants in the management of ALK+ NSCLC. Mechanisms of resistance.** Dra Nuria Pardo
- 12:50-13:20h **Discussed clinical cases.** Dra Patricia Iranzo
- 13:20-13:50h **Follow-up of patients with advanced ALK+ NSCLC in treatment with lorlatinib.** Dra Patricia Iranzo
- 13:50-14:30h **Lunch**
- 14:30-15:00h **Treatment at lorlatinib progression (excluding 4th generation ALK inhibitors).** Dra Ilaria Priano
- 15:00-15:30h **4th generation ALK inhibitors.** Dr Augusto Valdivia
- 15:30-16:00h **Wrap up day 1.** Dr Enriqueta Felip

DAY 2: LUNG + CRC

- 9:00-9:30h **Perioperative management of ALK+ NSCLC patients.** Dr Alex Martinez
- 9:30-10:00h **Management of patients with ALK+ NSCLC and brain metastases at diagnosis.** Dra Susana Cedres
- 10:00-10:20h **Management of patients with ALK+ NSCLC without brain metastases at diagnosis.** Dr Alex Martinez
- 10:20-10:40h **Management of non-neurologic toxicities of lorlatinib.** Dra Nuria Pardo
- 10:40-11:00h **Management of neurologic toxicities of lorlatinib.** Dra Ilaria Priano
- 11:00-11:10h **Wrap up day 2.** Dr Enriqueta Felip
- 11:10h-11:30h **Coffee break**

**CRC TRACK | Early stage Colorectal Cancer**

- 11:30-11:50h **Welcoming: The VHIO Colorectal Cancer Programme** Dra. Elena Élez
- 11:50-12:10h **Colorectal cancer as a worldwide epidemia: A call for action** Dra. Iosune Baraibar
- 12:10-12:30h **Early stage Colon Cancer: Is there a room for improvement?** Dr. Javier Ros
- 12:30-12:50h **Nutrition in mCRC patients as a biomarker to target** Adriana Alcaraz
- 12:50-13:20h **Discussed clinical cases** Dra. Marta Rodríguez Castells + **back up slot for participants clinical cases**
- 13:20-13:30h **Discussion**
- 13:30h-14:00h **Lunch**

**CRC TRACK | Session 2: Metastatic colorectal cancer: Liver limited disease and oligometastatic disease**

- 14:00h-14:30h **mCRC Liver limited disease as an entity** Dr. Francesc Salvà
- 14:30-14:50h **Oligometastatic disease: Definition and management** Dra. Marta Rodríguez
- 15:00-15:30h **360 in mCRC patient care: About PROs, PROMs and PREMs** Dra. Marta Rodríguez
- 15:30-16:00h **Discussion**
- 16:00h **Wrap up day 2**

DAY 3: CRC

**CRC TRACK | Session 3: Metastatic colorectal cancer: Targeting mCRC biology**

- 9:00-9:20h **MSI-H/dMMR mCRC: Attack is the best defence** Dr. Javier Ros
- 9:20-9:40h **RAS/BRAF wild type mCRC: Treatment sequencing by tumor location** Dr. Francesc Salvà
- 9:40-10:00h **BRAFV600E mCRC: Upfront treatment strategy** Dra. Elena Élez
- 10:00-10:20h **BRAFV600E mCRC: Defining a new continuum of care** Dra. Elena Élez
- 10:20-10:40h **Targeting Low frequency molecular aberrations** Dr. Javier Ros
- 10:40-11:00h **Discussion**
- 11:00-11:30h **Coffee break**

**CRC TRACK | Session 4**

- 11:30-11:50h **Is there a room for immunotherapy in MSS mCRC?** Dra. Iosune Baraibar
- 11:50-12:10h **The role of microbiome in colorectal cancer** Dra. Iosune Baraibar
- 12:10-12:30h **Spotlight on refractory mCRC** Dr. Francesc Salvà
- 12:30-13:00h **TNT in rectal cancer: Lessons learned and future directions** Dr. Jaume Capdevila
- 13:00-13:45h **Discussed Clinical cases** Dr. Jorge Hernando
- 13:45-14:15h **Lunch**
- 14:15-15:00h **VHIO visit** Dr. Javier Gonzalo
- 15:00h **Day 3 ends**
