

Preceptorship on Colorectal Cancer

17th & 18th July - 2024 | Barcelona

INFORMATION

Auditorium Cellex
C/ Natzaret 115-117
Barcelona 08035a

Wednesday 17th July
and Thursday 18th July - 2024 | Barcelona

www.vhio.net

Scientific Coordination
Dra. Elena Élez
Head of the Colorectal Cancer Group of VHIO

Wednesday 17th July

Session 1: Early stage Colorectal Cancer

Welcoming: The VHIO Colorectal Cancer Programme - Dra. Elena Élez

The multistep process of CRC carcinogenesis - Dr. Héctor G. Palmer

Early stage Colon Cancer: Is there a room for improvement?

Dr. Javier Ros

TNT in rectal cancer: Lessons learned and future directions

Dr. Francesc Salvà

Assessing MRD in Colon cancer: Tricks and Treats - Dra. Ana Vivancos 

Discussion

Coffee break

Session 2: Metastatic colorectal cancer: Particular clinical scenarios

Oligometastatic disease: Definition and management

Dra. Marta Rodríguez

Old adults with mCRC: Tailoring the treatment - Dra. Marta Rodríguez

mCRC Liver limited disease as an entity:
The surgeon perspective - Dra. Cristina Dopazo

mCRC Liver limited disease as an entity: The medical oncologist
perspective - Dr. Francesc Salvà

Discussion

Lunch

Session 2: Metastatic colorectal cancer: Treatment approach by molecular subtypes (I)

Precision Oncology in CRC: Biomarker analysis - Dr. Paolo Nuciforo

Front line treatment in MSS/pMMR-mCRC - Dr. Francesc Salvà

The elusiveness of MSS CRC - Dra. Elena Élez

BRAFV600E mCRC: State of the art - Dra. Elena Élez

BRAFV600E mCRC: can we optimize treatment outcomes?
Dra. Elena Élez

Discussion and wrap up day 1

End of day 1

9:00-9:30h

9:30-9:50h

9:50-10:10h

10:10-10:30h

10:30-11:00h

10:45-11:00h

11:00-11:30h

11:30-11:50h

11:50-12:10h

12:10-12:30h

12:30-12:50h

12:50-13:15h

13:30-14:00h

14:00-14:20h

14:20-14:40h

14:40-15:00h

15:00-15:20

15:20-15:40h

15:40-16:00h

16:00h

Thursday 18th July

Keynote lecture: The Vall d'Hebron Institute of Oncology

Dr. Josep Tabernero

Q&A/discussion

Session 2: Metastatic colorectal cancer: Treatment approach by molecular subtypes (II)

RAS mutated colorectal Cancer: Emerging treatment options

Dr. Javier Ros

HER2 amplified mCRC: Biomarker testing and optimal
treatment - Dra. Marta Rodríguez

MSI-H/dMMR mCRC: Finetuning treatment options - Dr. Javier Ros

Coffee break

Session 3: Incorporating new tools in treatment and research of CRC

Focus on data science - Dr. Rodrigo Dientsmann 

Focus on Radiomics - Dra. Raquel Pérez

Focus on microbiome - Dr. Paolo Nuciforo

Discussion

Session 4: The clinical utility of a CRC molecular profiling NGS testing in mCRC - Dra. Susana Aguilar

Clinical cases by VHIO CRC staff

Lunch

VHIO tour - Dr. Javier Gonzalo

Day 2 ends

9:00-9:40h

9:40-10:00h

10:00-10:20h

10:20-10:40h

10:40-11:00h

11:00h-11:30h

11:30-11:50h

11:50-12:10h

12:10-12:20h

12:20-12:30

12:30h-13:30h

13:30h-14:00h

14:00h

15:00h
