

## INFORMATION

 **Thursday 26<sup>th</sup>**  **Auditorium Cellex**  
C/ Natzaret 115-117  
Barcelona 08035a

 **Friday 27<sup>th</sup>**  **Auditorium, Ground Floor**  
General Hospital

 **Scientific Coordination**  
**Dra. Elena Élez**  
Head of the Colorectal Cancer Group of VHIO

### How to arrive:

 **L3 Vall d'Hebron**  Lines **19** and **76**

# Preceptorship Colorectal

26<sup>th</sup> & 27<sup>th</sup> June - 2025 | Barcelona

Coordination:  
**Dra. Elena Élez**

# Preceptorship Colorectal | 26<sup>th</sup> and 27<sup>th</sup> June 2025

## DAY 1

### Welcoming:

9:00-9:40h The VHIO Colorectal Cancer Programme - Dra. Elena Élez

### Session 1: Early stage Colorectal Cancer

9:40-10:00h Neoadjuvant treatment of localized colon cancer - Dr. Francesc Salvà

10:00-10:20h Toward a Personalized Adjuvant Approach in Colorectal Cancer  
Dr. Javier Ros

10:20-10:50h Understanding the liquid biopsy results - Ana Vivancos

10:50-11:00h Discussion

11:00-11:30h Coffee break

### Session 2: Metastatic colorectal cancer: Particular clinical scenarios

11:30-11:50h mCRC Liver limited disease as an entity: The surgeon perspective  
Dra. Cristina Dopazo

11:50-12:10h mCRC Liver limited disease as an entity: The medical oncologist perspective - Dr. Francesc Salvà

12:10-12:30h Bridging the Gap: Evidence-Based Treatment for Older Patients with Colorectal Cancer  
Dra. Marta Rodríguez

12:30-12:40h Discussion

### Keynote lecture

12:40-13:00h Incorporating new tools in treatment and research of CRC: Data Science - Dr. Rodrigo Dientsmann

13:00-13:10h Discussion

13:10-14:00h Lunch

### Session 3: Metastatic colorectal cancer: Treatment approach by molecular subtypes (I)

14:00-14:20h Precision Oncology in CRC: Biomarker analysis - Dr. Paolo Nuciforo

14:20-14:40h Front line treatment in MSS/pMMR-mCRC - Dr. Francesc Salvà

14:40-15:00h MSI-H/dMMR mCRC: Finetuning treatment options - Dr. Javier Ros

15:00-15:20h Focus on microbiome - Dra. Iosune Baraibar

15:20-15:40h Focus on Nutrition - Adriana Alcaraz

15:40-16:00h Discussion and wrap up day 1

16:00h End of day 1

## Vall d'Hebron University Hospital (Barcelona, Spain)

## DAY 2

### Keynote lecture:

10:00-10:20h TNT in rectal cancer: Lessons learned and future directions  
Jorge Hernando

10:20-10:40h Discussed Clinical Cases - Jorge Hernando

### Session 4: Metastatic colorectal cancer: Treatment approach by molecular subtypes (II)

10:40-11:00h RAS mutated colorectal Cancer: Emerging treatment options  
Dr. Javier Ros

11:00-11:20h HER2 amplified mCRC: Biomarker testing and optimal treatment  
Dra. Marta Rodríguez

11:20-11:40h The elusiveness of MSS CRC - Dra. Iosune Baraibar

11:40-12:00h Discussion

12:00h-12:30h Coffee break

### Session 5: The clinical utility of CRC molecular profiling

12:30h-12:50h Spotlight on refractory mCRC - Dr. Francesc Salvà

12:50-13:20h Discussed Molecular Clinical Case - Dra. Marta Rodríguez

### Keynote lecture:

13:20-13:40h Young onset colorectal cancer: A call for action - Dra. Iosune Baraibar

### Session 6: Incorporating new tools in treatment and research of CRC

13:40-14:00h BRAFV600E mCRC: State of the art - Dra. Elena Élez

14:00-14:20h BRAFV600E mCRC: can we optimize treatment outcomes?  
Dra. Elena Élez

14:20-14:40 Discussion

14:40h-15:15h Lunch

15:15h VHIO tour - Javier Gonzalo

16:00h Day 2 ends
