

1st VHIO- BBVA Foundation International Symposium

CELL-BASED THERAPIES IN ONCOLOGY

 29-30th November 2023

 Ateneu Barcelonès | Gothic Quarter, Barcelona

Program Day 1

- 8:45 - 9:15 Registration
9:15 - 9:30 Welcome **Josep Taberner (VHIO)**
- Session I Adoptive cell therapies for solid cancers**
9:30 - 10:00 TBD: **Dirk Busch**
10:00-10:30 Breaking down barriers: strategies to battle tumor heterogeneity with T-cell therapies: **Alena Gros**
10:30-11:00 Therapeutic targeting of recurrently mutated 'public' neoantigens using TCR gene therapy **Chris Klebanoff**
11:00-11:15 Short Talk
11:15-12:00 Coffee Break
- Session II Adoptive cell therapies for pediatric indications**
12:00- 12:30 Adoptive naive T cell depleted therapies for pediatric diseases: **Antonio Pérez Martínez**
12:30- 13:00 TBD: **Concetta Quintarelli**
13:00- 13:30 2x Short talks
13:30- 14:30 Lunch
14:30- 15:30 Roundtable discussion: Regulatory aspects of T-cell therapies
Chair: **Silvia Martín Lluesma**, Participants: **Sol Ruiz, Ander Izeta Permisán, Julio Delgado, Johan van Eldere, Reno Debets**
- Session III Determinants of ACT activity**
15:45- 16:15 TBD: **Andy Sewell**
16:15- 16:45 TBD: **Melody Smith**
16:45- 17:15 2x Short talks
17:15 -19:00 Poster Session & Cocktail

Program Day 2

- Session I Advances in CAR T cells for hematological malignancies**
09:00- 09:30 Academic development of CAR T cell therapy: **Álvaro Urbano**
09:30- 10:00 TBD: **Claire Roddie**
10:00- 11:00 Roundtable discussion: Challenges and opportunities for enhancing antitumor efficacy in solid cancers
Chairs: **Alena Gros & Sonia Guedan**
11:00- 11:45 Coffee Break
- Session II Clinical developments in T cell therapies**
11:45- 12:15 Clinical Advances in 2023 with modified TCR cells for solid tumors.: **Victor Moreno**
12:15- 12:45 Learning from TIL to develop next generation cell therapies: **John Haanen**
12:45- 13:30 3x Short talks
13:30- 14:30 Lunch
- Session III Next generation CAR T cells**
14:30- 15:00 TBD: **Robbie Majzner**
15:00- 15:30 Fighting fire with fire: Boosting T cell therapy by intercellular mitochondrial transfer: **Luca Gattinoni**
15:30- 16:00 Driving the preclinical development of CAR-T cells: **Sonia Guedan**
16: 00 Closing remarks
