VHIO's detailed HRS4R Action Plan

#	Title action	Detailed description	Timing	Responsible Unit	Indicator(s) / Target(s)		
1	Inclusion of the HRS4R vision within the new strategic plan and future VHIO regulations.	VHIO is now elaborating a new strategic plan in which HRS4R vision must be included. Also all future regulations that VHIO may approve in the field of HR, will have HRS4R embedded.	Q4, 2017	Executive Board	Inclusion in the strategic plan		
	Ensure the availability on the intranet of all relevant documents concerning the principles of the C&C.	A specific webpage will be created with all HRS4R related documentation.It includes not only the gap analysis and the action plan, but also EUARXESS documentation related to HRS4R. In this webpage, national, sectorial or institutional regulations affecting researchers will be also available.	Q4, 2017	Communication	Availability on the intranet		
3	Upload VHIO's MISSION, VISION & strategic goals to VHIO's homepage		Q1, 2018	Communication	Availability o the website		
4	Boost and enhance employee's awareness of the online Transparency portal	VHIO is currently setting up its own Transparency Portal, in which some internal documents will be accessible. Efforts will be made in order to communicate its existence to all VHIO staff.	Q4, 2017	Communication	50% increase in entries to the portal		
5	Improvement of the intranet	Next year VHIO will develop a project in order to replace the current intranet for a more modern one. It will help in making accessible some contents and improve awareness of the staff to specific issues.	Q4, 2018	General Services	New intranet		
6		VHIO will establish an annual meeting addressed to all its staff, in which VHIO's Director will present the main achivements form the last year and also the new strategic challenges to face and the key actions that will be implemented in the following year.	Q4, 2018	Executive Board	№ attendees to the meeting > 50% researchers		
7	Establishment of a welcome day for new incorporations in the already existing welcome package	VHIO already has a welcome package for new employees. Since 2018 it will be complemented by a welcome day, in which VHIO's representatives will present VHIO, its strategic goals, its values and its key figures.	Q1, 2018	HR	2 welcome days per year		
8	Revision and improvement of the current procedure for the evaluation of researchers	The procedure was elaborated at 2010 and it has to be reviewed and improved. Evaluation and assessment of the academic track will be performed for all professional categories within the research area. Mentoring activities will be taken into consideration as part of the assessment.	Q1, 2018	HR, Scientific Committee	Availability of the procedure Annual evaluation of researchers		
9	Revision and improvement of the current recruitment procedure.	The procedure was elaborated at 2010 and it has to be reviewed and improved, in order to include some aspectes related to OTM-R policy. The works council will be involved in the definition of the new procedure.	Q1, 2018	HR	Availability of the procedure		
10	Approval of VHIO's Gender Equality Plan	VHIO has been working on a Gender Equality Plan that should be approved by the end of 2017.	Q1, 2018	Executive Board	Availability of the plan		
		Templates for recruitment were elaborated several years ago and must be updated. In the revision, special emphasis will be put on identifying the use of discriminatory language. Also the establishment of a non-discrimination quote in all job offers will be studied.	Q1, 2018	HR	All templates reviewed		
12	Implantation and development the agreement reached with the works council on employment conditions	VHIO has recently reached an agreement with the works council on empolyment conditions. It is a crucial step in order to improve working conditions, and much effort will be put in the implantation of the different statements of the agreement.	Q2, 2018	HR, Managing Office	Improvement of working conditions Increase in the staff satisfaction % Increase of applications		
13	Reach an agreement on career development	A working group will be constituted for the elaboration of a first draft of an agreement on career development. In this working group all profesional categories will be represented and the final result will be presented and neaociated with the Executive Board.	Q2, 2018	Executive Board	Increase in the staff satisfaction % Increase of applications		
14		VHIO is working on the establishment of a compliance procedure. It will include a specific email address that will centralize all staff complaints, and a training & communication program.	Q1, 2018	Executive Board	Availability of the procedure Researchers trained for compliance		

15	Establishment of once-a-year session open to all researchers focused on the state of the Labour market	VHIO PIs will oragnize a session to present the current state of the Labour Market, but also tendencies in professional development and discussions about future job opportunities for PhD students and Post-Doctoral fellows. In this session some speakers will be VHIO former employees, but also external experts from different profiles (Industry, Public Administration,)	Q1, 2019	HR, Managing Office	Nº attendees to the session > 50% Post-docs > 50% PhD students
